PARKING

Please arrive early giving yourself plenty of time to park and register (and to walk the course if you wish). Please consider car sharing to this event.

DIRECTIONS

Trannack School is approximately 2 miles north of Helston. Follow the B3297 from Helston towards Redruth, turn left where the school is signposted just past the Wheal Dream restaurant. There is a car park just over the bridge. This will be used first and when this is full the car park marshals will point you in the direction of the overflow car parks. There is disabled parking outside the school. ALL CARS ARE PARKED AT THEIR OWN RISK.

ENTRY FORM & REGISTRATION

Children can enter either collectively through their school or club organiser or attend on the day as an individual entry.

To help with the smooth running of the event, the Coose Trannack committee would be grateful if each school/club could have a representative to act as a contact, to pre-register their team before the closing date and be responsible for their team on the day.

The entry form should be completed and returned BEFORE the day, however if this is not possible entries can be made on the day - please report to Registration at least an hour before the scheduled time of the race.

Please note ONLY the following will need to report to Registration on the day to collect their race numbers:-

→ School or club organisers who are collectively organising the children from their school / club as part of a team.

→ Individual children who have NOT been pre-registered or have NOT been paid for via their school or club organiser.

The entry fee is £2.00 per child. Cheques should be made payable to the PFTC. As part of the entry fee competitors will receive a drink, an item of fruit and a chocolate snack (available from a stand in the playground). They will also receive a certificate showing their finishing position and can keep their race number as a memento of the occasion. The Coose Trannack woodland offers more of a challenge than most races and is a running event that should not be missed.

All competitors should wear their race number on the front of their tops.

RACE INFORMATION

Adults are NOT allowed to accompany their children into the Marshalling Area, nor are they allowed to accompany the children to the start line.

Although the boys and girls races and some year groups are combined, there is a competition for both boys and girls in every age group. The boys and girls should go to the Marshalling Area together, but the actual start of the races will be staggered on the start line with a gap of about 30 seconds. The boys will go first.

All competitors are awarded a certificate of participation, with their race finish position on, immediately after the race.

A notice board showing the number of finishers in each race will be near the finish line of the course and will be updated as the morning progresses.

There are medals for the top three finishers in each age and gender category and also trophies awarded to the best Primary School, Secondary School and Club – the first six finishers in each race earn points for their school and club if applicable.

The race positions will be noted down by the finish line marshals from the race numbers on the children tops. The first six finishers will be asked their name / school and club on the finish line as a double check that we have recorded the point scoring children correctly for the results.

Club teams will not be in competition with Schools. Pupils can represent both their club and school and will score points for both.

COMPETITION RULES

1. Children may only enter the race appropriate to their National Curriculum year group.
2. Schools may enter any number of competitors in each race.
